

## Blackhawk Vintage Classic XXIV

The 24th annual Blackhawk Vintage Classic will be held June 17– 19, 2016 at beautiful Blackhawk Farms Raceway in South Beloit, IL. This driver-friendly event offers phenomenal track time and is one of the best bargains in Vintage racing. The agenda this year includes the Trans Am B-Sedan Series, the Formula Vee Series, the Father's Day Scramble, the Sprite Midget Series, and the return of the Jeff Porasik / Wells Fargo Advisors Enduro, benefitting the Disabled American Veterans.

The Friday night Ice Cream Social returns by popular demand, and our fantastic Saturday Night dinner will again be catered by Backyard Grill. Strong rumors are afloat that the VSCDA Grid Girls will be making an appearance as well.

Always a driver's favorite, Blackhawk Farms has transformed itself into a fantastic spectator facility. You'll be amazed at the top-shelf improvements that have made this familiar track even better. The track surface has been continuously improved for both safety and performance, and the facility has upgraded everything from the paddock area to the bathrooms/showers and the concession area. A new favorite is a covered observation deck that allows near-360 degree viewing of the track from on high. Bring your friends and family and introduce them to our great club and great hobby. And remember, there are few Father's Day gifts as fun and memorable as noon touring laps with VSCDA.

As always, gate proceeds go to the great work that the Shriners do in the community, for children's hospitals.

Please join us at Blackhawk Farms and support our club, the Shriners, and the Disabled American Veterans while having a blast.
