

## 2017 Blackhawk XXV – Silver, Sun, Much More of the Same and The Kastner Cup

VSCDA's Green Flag of Summer is ready to fly June 16-18<sup>th</sup>, 2017 at the 25<sup>th</sup> Blackhawk Classic in South Beloit, Illinois. This year our event is a full three day race weekend with an incredible amount of track time for an early bird price of only \$405.

Blackhawk's upgrades over the years have turned it into a first class facility for both drivers and spectators, and this year we are honored to host the world-famous Kastner Cup's 15<sup>th</sup> running. Our honorary Grand Marshal will be the one and only great racer and innovator Kas Kastner himself. The Kastner Cup attracts some of the most beautiful and historically significant Triumph race cars from all over the world, something you won't want to miss.

In addition to the Kastner Cup, Friday will feature the Jeff Porasik Wells Fargo Advisors Enduro benefitting the Disabled American Veterans charity (this is a terrific cause, and one of the the greatest bargain in vintage racing at only \$40 early bird for nearly an hour of racing). The weekend will also feature the Vintage Vee Series, the Trans Am B-Sedan race and the 2<sup>nd</sup> installment of the Sprite-Midget Race Series. Sunday will wrap up with the Dad's Day Scramble reverse-start race, which last year went exactly to plan with an amazing finish as a Group 1 MG edging out a Group 6 Mustang by a mere 1.1 seconds. This year also promises more vintage aircraft doing their ballet over the racetrack than we've had in years. Come out and join us!!
